Young Adult Ministry currently meets your needs as Young Adult at United Believers Community Church (UBCC).					
Young Adult Ministry currently creates an environment of family, fun, and fellowship.					
I would be interested in receiving a morning devotional three to four times a week.					
I would be interested in being a part of an innovative monthly Bible Study that caters to the issues of Young Adults.					
I would be interested in being involved in service activities in the community.					
I would you be interested in attending forums dealing with issues not covered in a regular church environment.					
I would you be interested in attending small group wrap sessions that deal with issues related to Young Adults i.e. how to deal with lust?					
I would you be interested in attending workshops that dealt with how to manage time and finances?					
<b>Please list additional comments:</b>					

1. What type of things would you like to see in a Young Adult Ministry?

2. What do you need from a Young Adult Ministry?
